

**Nasacort – Radio  
Job #1765**

**11/10/16**

**“Numbers”**

VO: Allergy sufferers are hearing a lot of numbers (these days) about symptoms and relief.

But the number sufferers want most is “zero”, as in “zero nasal allergy symptoms”. And nothing gets you closer to zero than Nasacort.

Because unlike antihistamines that stop only one cause of your allergy symptoms, Nasacort stops more, and stopping more gets you closer to zero.

For 24-hour relief of your worst nasal allergy symptoms, including congestion choose Nasacort.

It stops more of what makes you miserable. Use as directed.
